## National Aquatic Industry Workforce Survey

### We want to hear from you

Royal Life Saving, on behalf of the National Aquatic Industry Safety Committee (NAISC), has just launched the National Aquatic Industry Workforce Survey and would love to hear from all those that make up the aquatic industry workforce.

We plan to use the information gathered to help shape policy and programs that will benefit the working lives of those in the industry, and strengthen the industry as a whole.

The survey is anonymous but if you choose to leave your name and email address you will be eligible to win a \$100 JB Hi-Fi gift voucher.

The survey closes at 5pm Friday 31 May and the 30 lucky winners will be contacted by email by 30 June 2019.
